

U11-U12 Philosophy

PLAYER DEVELOPMENT PHILOSOPHY - DIRECTOR'S ACADEMY AGE GROUPS

Our philosophy is to provide age and developmentally appropriate training and instruction in an environment that encourages individual player growth and promotes the enjoyment, enthusiasm, and sportsmanship of the game.

In the Director's Academy age groups, the goal is to develop players and teach them the skills they will need to compete at higher soccer levels. The focus is not on team wins and losses, but upon the complete development of the individual player.
